	-2. be called back in the summer of 1952 for review and practice.
5.	In the autumn of 1951, the four regiments took part in extensive maneuvers held in the Ipoly valley near Balassagyarmat and Negrad. The communications work between the various troop units was poor.
6.	Camp activities were previsionally suspended on 1 October 1951 and the reservists were sent back home. The regiment did not return to Vac; the staff and attached units were transferred to Komaron.
7.	The barracks at Vac, which lie south of the town near the Vac-Budapest read, were later occupied by a Hungarian motorcycle battalion, of three companies. The officers of this battalion were First Lieutenant József Krest, commander; First Lieutenant Istvan Krefau, political officer; Lieutenants József Mede, Antal Roman and Viktor Spalter, company commanders.
8.	The organization of the regiment comprised: 25X1A
	Regimental commander Deputy regimental commander Regimental political efficer Staff commander Staff of 40 electrical technicians, 10 ordnance sergeants, eight electricians, three radio technicians, 15 radio mechanics. Three bettalions, of three companies each. The average strength of a company was 120 men, but some companies had 200 men. Battalion and company staffs were not complete.
9.	The regimental automobile park comprised three Hungarian workshep cars; eight Soviet Pebeda personnel cars and 34 Hungarian Raba trucks.
10.	The technical equipment of a company comprised one Hungarian R-7 radio apparatus; two Soviet M-48 Morse apparatus; one or two Hungarian M-36 Morse apparatus.
11.	The armament of a company comprised five pistels; three Seviet Degtjarev machine pistels; 115-120 M-48 rifles, caliber 7.62 mm. The regiments had no heavy weapons.
